This statement is issued to **VIDEOWORKS S.p.A., via Albertini 36/E13 ANCONA 60131 (Italy)**

To certify that the Audio/Video, Communication, Entertainment & home automation system designed and manufactured by Videoworks has been assessed against *the LR ShipRight Procedures for Cyber Security (Design & Build)*, and has been found as compliant with the

Capability level 4 (Optimised)

Capability is the measurement of the potential level at which the subject system can be operated from a cyber security perspective.

Where the subject system should be installed on a LR Classed Ship or Yacht, and there should be the intention for the assignment of a **Cyber Security Descriptive Note**, this Factual Statement can be used to limit the assessment of the Videoworks system to those Domains associated to the *LR ShipRight Procedures for Cyber Security (Operational)* in order to assign the Ship/Yacht the **Maturity** level measuring the operational state and ongoing processes and behaviours that the given Ship/Yacht and system is being operated at.

a member of the Lloyd's Register group.

Lloyd's Register Group Limited, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.
